OTHER EXTENSION and OUTREACH ACTIVITIES

County Agent In-Service Trainings (New Content Development = 13 Content Delivery = 27).

- 1) *The Five Ps of Professionalism for Extension Educators*. Quarterly (in-person or webinar) learning sessions, November 2019-present. Based on the "Positive Employability" curriculum, this session **introduces** new extension professionals to a cadre of skill sets for their new work environment. Participants practice interactions that enhance office, community, and other extension relationships for the lifetime of their careers.
- 2) *FCS Economic Workforce Development Training*, Elizabethtown, KY, October 2023. This training is intended to: Equip FCS agents to teach *Positive Employability: Preparing for Financial Success*, a curriculum designed to develop critical soft skills such as professional etiquette and communication skills that can increase employee earning potential and human capital. Equip FCS agents to teach *Time Well Spent: Productivity Skills for Success*, a curriculum that explores ways individuals can consider time as a commodity to improve both productivity and balance, personally and professionally. Introduce FCS agents to the

- resources offered through the *Central Kentucky Job Club*, a positive environment for job seekers to meet, connect, share, and learn
- 3) *Creating Effective Newsletters, Part 2*. Zoom Webinar. September 2023. This training **assists** all extension employees as they think through the planning, implementation, and distribution of newsletters as effective forms of purpose driven communication. This session focuses on content. Participants leave with an understanding of how to count contacts and keep accurate records for newsletter lists.
 - 4) *Creating Effective Newsletters, Part 1*. Zoom Webinar. July 2023. This training assists all extension employees as they think through the planning, implementation, and distribution of newsletters as effective forms of purpose driven communication. This session focuses on design and development. Participants leave with properly branded templates for use in local efforts.
 - 5) *Pathways to Wellness*. Multiple Locations, KY, September and October 2022. In response to needed Extension programming exploring the complexity of the influence of social determinants on health and related action a six-hour orientation session for FCS agents on Pathways to Wellness, new health program features four lessons and related activities that equip agents and community partners with skills to engage in conversations that lead to healthier community mindsets.
 - 6) *Time Well Spent: Productivity Skills for Success*. Multiple Locations, KY, February 2022. Productivity fosters progress toward and completion of necessary tasks. However, due to time constraints, competing responsibilities, stressors, and personal tendencies, people are not always as productive as intended. To assist individuals in becoming more productive, the ***Time Well Spent: Productivity Skills for Success*** curriculum addresses procrastination; organization and time management techniques; prioritizing and building focus; and establishing a healthy work-life balance.
 - 7) *The Five Ps of Professionalism for Extension Interns*. Webinar Presentation, May 2021. Based on the “Positive Employability” program, this session provides interns with a basic overview of professional behaviors that will ease their transition from student to employee.
 - 8) *Visually Compelling Communications*, Webinar Presentation, July 2019. The “Visually Compelling Communications” program equips extension users with the skills and resources to tell their program story in a way that will appeal to many people in a variety of formats. This program explores various user-friendly mobile design platforms that encourage the use of sharable media to spread the message of their local or state program utilizing content sourced from success stories and statistical reports.
 - 9) *Positive Employability*. Multiple Locations, KY, July 2019 – October 2019. The “Positive Employability” program equips agents with personal skill sets and resources to partner and deliver workforce “soft skills” development programs with local schools, Industrial Development Authorities, Chambers of Commerce,

local businesses and other workforce development initiative agencies. The program will provide three curriculum sets delivering objective based learning through interactive learning activities, including Ten Soft Skills You Need, Business and Communication Strategies, and Creating a Positive Business Image through Business Etiquette. The Positive Employability program will allow individuals to develop key skills to enhance employment earnings and upward mobility leading to enhanced financial security.

- 10) *Embracing Technology*. Fayette County, April 2018. This two-day training encourages Family and Consumer Sciences Extension professionals to use the digital world at their fingertips. Through this series they will learn techniques for marketing programs, recruiting participants, and telling the program story in a compelling and visually appealing manner through the use of standard methods and emerging technologies
- 11) *Cutting Edge Social Media*. Daviess County, May 2017. It may seem as if members of young generations were born with social media skills and the rest of us are always trying to keep up. In this training, you will learn tips and techniques to take your social media game to a whole new level to promote your local Family and Consumer Sciences program.
- 12) *Put it in Writing: The FCS Publication Process*. Boone County, May 2016. Through this interactive learning session, participants will learn the steps of the FCS publication process from idea conception to final publication. Agents will learn how their program ideas can become publication background material through partnerships with campus specialists and other experts.
- 13) *Lights, Camera, Educate*. Boone County, May 2016. With increasing frequency, agents are finding themselves in front of a camera. Whether you like the limelight, or prefer to stay behind-the-scenes, this introduction to television and video media presentations will give you the confidence to create camera ready content like a pro.

County/Multi-County Educational Programs

The University of Kentucky Family Consumer Sciences Extension program emphasizes the train-the-trainer model for program delivery. Extension leader lessons are developed by state specialists for use by county agents, county homemaker groups, and other extension partner organizations. All Extension leader lessons are pilot tested and peer reviewed prior to disseminating for county use.

Curriculum Resources (New Curriculum = 1; Adapted = 2).

- 1) Huff, N., Bejda, M., May, K. & **McCulley, M.** (2021). Time Well Spent: Productivity Skills for Success. (4-unit Curriculum). Lexington KY: Cooperative Extension Service, University of Kentucky College of Agriculture, Food and Environment. [4-Unit Curriculum complete with marketing package and program evaluation. Includes for each unit: publication, facilitator guide, PowerPoint presentation, participant activities and session evaluation.] Adapted for use in

Kentucky from Global Courseware Inc. 2020.

- 2) Henken, K., Hunter, J., Johnson, J., May, K., & **McCulley, M.** (2019). Positive Employability: Preparing for Financial Success. (7-unit Curriculum). Lexington KY: Cooperative Extension Service, University of Kentucky College of Agriculture, Food and Environment. [7-Unit Curriculum complete with marketing package and program evaluation. Includes for each unit: publication, facilitator guide, PowerPoint presentation, participant activities and session evaluation.] Adapted for use in Kentucky from Global Courseware Inc., 2016.
- 3) **McCulley, M.** (2016). *Gifts in a Jar*. Lexington, KY: Cooperative Extension Service, University of Kentucky College of Agriculture, Food and Environment [Publication, Facilitator Guide, Participant Activities, Evaluation] (Peer reviewed, Original Content).

OTHER KENTUCKY CES PROGRAMS and RESOURCES

Programs and resources within FCS Extension at the University of Kentucky often require unique products or delivery methods to address constituent needs that extend past publications, lessons, and curricula. These resources are designed to address emergent and expressed state need using a variety of delivery modalities.

(Programs presented: 33 Reach: 37,707 Direct, 226,519 Indirect)

- 1) Big Blue Book Club. Educational, interactive, multi-generational book club presented virtually statewide on a variety of FCS related topics since 2021. Nine books offered and hosted by content specialists and other invited guests (book authors). Serve as facilitator and technical specialist. Facilitated online discussion group is available. Each book installment includes recorded sessions available on a YouTube playlist and facilitated discussion in a dedicated Facebook group.
- 2) Eating Over the Rainbow. (Compilation of resources gathered for a targeted fruit and vegetable-a-day intervention for young children.) Included daily social media posts featuring young children in the target age group enjoying fruits and vegetables, messages for parents and caregivers about positive ways to frame fruit/veg consumption, a special edition podcast visiting with young friends about their fruit/veg consumption and guidance for parents and caregivers about recommended servings.
- 3) Big Blue Goals. (Compilation of resources housed on a Web-based application). (Statewide session January – April, 2021, local session various times ongoing.) Cooperative Extension Service, University of Kentucky College of Agriculture, Food and Environment. Web-based app includes physical activity prompts, daily educational reading or podcast listening activities for enhanced learning about food, finances, and family relationships, and opportunities for group chat based on weekly chat prompts.
